Dear Bob,

Enclosed are some of the mails I have received to date. Many of these who receive your wonderful good are to write them selves so I pray they get mail off to you very soon.

Just wish you could be there with me at times when people receive your gifts, they are just speechless at first and then for weeks after words I get many words of blessings and thanks for you. Have one sad but beautiful story. Johnny eleven years old, died yesterday from leukemia, a very rapid form. He was really well until the end of January 05 when he got a sore throat, after two or three visits to the Dr. Johnny landed in hospital where his cancer was discovered. He was discharged home to die on Monday. When I call to his poor home he was covered in a hard heavy blanket and the perspiration was rolling off him. Came home and got one of the beautiful light white sheets that were given by you. You should have seen the joy on his face when he saw the sheet and he held it to his face before his mother covered his body with such love. Bob two days later it was the sheet that covered his body as they carried him to our car to take him to the mortuary. Bob Johnny is praying for you all in heaven today, for as he thanked me for the sheet I told him who gave it and all they wanted was his prayers and there and then he prayed for you even though he was so ill.

Sincere thanks again for giving so much happiness to others with all the goodies you bring as well as yourselves.

Love & Prayers

Aster Patricia.
